All prices are VAT exclusive!

⚠ They are available during the build-up period (03/02/2020 – 05/02/2020) at the exhibitors' desk at the entrance of Hall 5, **provided all invoices are paid.**

New this year: If you have a lot of personnel working at the fair, it could be useful to apply for digital badges. These will be sent to you before the fair and they will grant your booth staff access the fair, only the first time they enter. The following days, they need to use the classic pins. This will avoid you to go to the entrance each time one of your colleague wants to enter the fair. If you are interested in these digital badges, you can ask for a specific order form via brusselsholidayfair@fisa.be. (Attention: the badges will only be sent if all invoices are paid).
